

KITE FLYING FESTIVAL

MM School of Architecture organized a 'kite flying festival', an event best experienced at the heart of all actions!! The event was organized to commemorate the passion and enthusiasm for kite flying and was celebrated with immense joy and fun by the students and faculty. The experience will be cherished forever.

The event started with a kite decoration competition followed by kite flying competition in which the students flew beautifully decorated kites prepared by them and filled the sky with colours. It was a surreal moment to watch students and faculty flashing their vibrant flying machines and racing against the wind high above, surpassing all others. The fever of competition in between houses gripped all the four houses near at the end of the day. All the students participated with great zeal & enthusiasm.

This was the day when the beautiful blue sky was filled with colourful kites flying around and the laughter of the students ringing in the wind. The positive aura and vibes made everyone smile and forget about all the worries. It was a heart-warming experience for everyone present.

The program was followed by a beautiful song sung by Prof. Aradhana Jindal, Principal to warm up the event. All students and faculty showed up their sincere efforts to make the event a successful one.

Prof. Aradhana Jindal, Principal motivated students and faculty to participate in such events as these acts as a feast for the soul and senses. She then announced the winner of the Kite flying festival for best kite decoration and kite flying as Maurya House.
