

Visit to National Dairy Research Institute, Karnal

B.sc. (Hons.) Agriculture 1st year students were taken to National Dairy Research Institute Karnal on April 24, 2018 for giving exposure to various breeds of cattle, buffalos and goat. The National Dairy Research Institute as country's premier Dairy Research institution has developed considerable expertise over the last five decades in different areas of Dairy Production, Processing, Management and Human Resource Development. Information generated at the Institute and the services offered have contributed to the growth of Dairy Industry as a whole and well-being of millions of milk producers and consumers of milk and milk products. Realizing the challenging need of global Dairy trade, the Institute is continuously working to develop its R&D and HRD programmes to better serve the nation in terms of food security, employment generation, poverty alleviation and economic prosperity. The students learnt the processing and packaging of various dairy products like cheese, butter, khoya and condensed milk etc. They also visited cattle yard to know about various breeds available in NDRI Karnal. The visit was organized to complete the partial fulfillment of the course Livestock production and management.
